SWIMCLOCK®

with Bluetooth® Wireless Technology

"The Bluetooth clock is awesome! The kids are so impressed and we're in love!"
-Coach Emily Zitzmann
Tri-Valley YMCA, Oneida, NY

SWIMCLOCK with Bluetooth® Wireless Technology provides unparalleled flexibility and control over workouts. SWIMCLOCK uses dependable, super-bright LED's that are visible indoors or out. The four 6.5 inch digits are enclosed in a rugged aluminum case with Plexiglas lens. Available with or without battery.

Use the **SWIM CLOCK Phone App** on your Android or iPhone to create unlimited sets, organized by category with unlimited different intervals. Select to count up or down, and number of reps to run. A tone sounds for the beginning of each set and repeat. Transmit the data with minimal impact on the phone battery.

Create unlimited workouts with unlimited sets in each. Save in memory to reuse, edit, or delete and replace. Use E-Z Workout to program a single interval and the number of repeats. The **SWIM CLOCK Phone App** also includes Game Clock and Stopwatch modes. Multiple **SWIMCLOCK's** can be run synchronously from one cell phone.

With IST's **WORKWARE®3**, you can create sets and workouts on your laptop and download them to your phone. Buy it with the **SWIMCLOCKBT** for just \$35.00. That's a 90% discount!
